DALAND MEMORIAL LIBRARY

There have been no spectacular events to record of the functioning of the Library during the current year but much appreciation has been expressed of the benefit and pleasure derived from the use of the books and magazines available.

One hundred and thirty volumes have been added, designed to cater to different ages and tastes. From State Aid we have received 17 books, about half of them for children and young people.

Other gifts have been received from Mrs. W. B. Wood, Miss Bessie J. Daniel, Mrs. George D. Kirtledge, Miss Emma C. Flint, Mrs. John L. Bailey, Mrs. C. H. Gurnett, Mrs. Bessie Wood, and some in memory of May V. Peck.

Miss Alice C. Parker of Lowell gave expression to her enjoyment of frequent visits here in her lifetime, by a legacy of \$100.00 to Miss Alice Starrett and Mrs. Emily Hartshorn for the purchase of books for the Library, and 26 valuable books of reference, biography and general interest have already been purchased and are in circulation.

We subscribe to ten monthly magazines and gratefully acknowledge the gift of the Milford Cabinet from the publishers, and Story Parade from State Aid.

The Library has operated with fewer interruptions than last year, and the circulation has shown very favorably the interest of our citizens and summer residents in availing themselves of the advantages of the reading provided for them here.

The Librarian is glad to acknowledge the cooperation of all connected with the administration of the Library, and the expression of appreciation received from many of its patrons, by word or gift.

Respectfully submitted,

RUTH S. ENDREJAT,

Librarian.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Mont Vernon:

I herewith present my fifth annual report, the twenty-fifth in the series. I trust you will give your attention and consideration to the three sections which follow:

1. The Teaching Situation:

One could easily spend the whole space of this report dealing with this subject since the greatest difficulties of the present belong in this category. Since my term of office began, the Mont Vernon school has undergone five changes in the one teaching position. This averages better than a change per year. Mrs. Rachel Steele of Milford was employed to fill out the year for Mrs. Sally Trufant and transferred her teaching to another school which would be more accessible to transportation facilities. Transportation in or out of Mont Vernon has been one cause for the many changes. Another cause has been the lack of living quarters. Therefore, the change to Miss Viola Jenkins has been a happy solution to many of our problems, not considering the efficacy of her work which has been very satisfactory.

2. The Future:

In this section I wish to discuss very briefly four problems and leave them with you for your thought and possible action:

A. We have the demobilized soldier returning to take his place in our civilian life. He comes back after an experience somewhere else. He can't help but be changed; he can't help but be different from the boy who left. What will be his desires toward education? Some of these men will be still young and will desire to complete their high school education. Shall we be

thinking of full-time or even part-time educational opportunities for these demobilized soldiers?

B. Many pupils who have not been in school for a year or two will be returning from private employment. What are the opportunities that are going to be offered to them to fit them for a new type of activity or employment?

C. Shall we expect changes in the curriculum? One must remember that these people who return and those who are coming on from elementary grades will be definitely air-minded. They will desire and demand more Science and more Mathematics. Because of this global war, they will seek more and more information concerning international affairs and foreign languages. What shall we anticipate in this regard?

D. What is the school's part in the transition which must occur to change our economy from war-time to peace-time? Many of our schools have been called upon to assist industry and agriculture or other pursuits to train workers for a war-time economy. When the war is over will industry and agriculture expect and anticipate the schools to help make the transition to peace-time pursuits?

3. Conclusion:

Let me call your attention to the local reports that are presented herewith. The usual financial statistics of the State Board of Education have not been published yet and therefore are omitted from this report. I acknowledge with a great deal of satisfaction the support and consideration that you the citizens of Mont Vernon, the School Board, and my teaching associate, have given me during the past year. It is indeed a privilege to have been able to render whatever service it has been my lot to perform.

Very respectfully,

HAROLD C. BOWLEY,

February 4, 1944.

Superintendent of Schools.
